

CLUB MEMBERSHIP INQUIRY

If you are interested in obtaining more information about Rotary and membership in the Rotary Club of Grass Valley, please contact us at:

gvrotary@gmail.com

Rotary is about "Service Above Self". The Rotary Club of Grass Valley, formed in 1925, has a long history of doing just that and is dedicated to accomplishing projects world-wide and to improve the Grass Valley community. We have participated in many projects, including the on-going Rotary project to eliminate Polio in the world through vaccinations and education.

We are also actively involved in local youth and senior programs, encouraging environmental awareness, and aiding those in need.

We are a forward-thinking, inclusive organization. We encourage diversity and involvement of younger members in making the world and our local community a better place.

Please join us in doing just that.
